

Dear Colleague,

The second training course of the TIMODAZ project will take place in Barcelona from 13th to 15th January 2010.

This course focuses on the impact of THMC processes on deep clay formations, with particular emphasis on the implications for performance assessment of heat emitting high-level radioactive waste repositories.

Full details are available at:

[www.itc-school.org/index.php/Present-Courses/TIMODAZ-Second-Training-Course-Impact-of-THMC-processes-on-Performance-Assessment.html](http://www.itc-school.org/index.php/Present-Courses/TIMODAZ-Second-Training-Course-Impact-of-THMC-processes-on-Performance-Assessment.html)<<http://www.itc-school.org/index.php/Present-Courses/TIMODAZ-Second-Training-Course-Impact-of-THMC-processes-on-Performance-Assessment.html>>

Please note that there are only 25 places available on this course so, if you wish to attend, we would advise you to register immediately.

Best regards

Gabi Vonlanthen
